1 The Holiday Express

The Holiday Express has been produced for Train Simulator to provide a fun and entertaining experience into the virtual world of trains for all the family. Consisting of a selection of trains and missions (called Scenarios), The Holiday Express is all about getting ready and celebrating Christmas. The scene is set in the living room of iconic 1950s suburbia, complete with matching furniture and decoration.

To learn how to drive The Holiday Express:
LAUNCH Train Simulator
CLICK on the Drive button
CLICK on the Tutorials button
CLICK the right side Change button
CLICK on The Holiday Express
CLICK the Select button
Choose which Training scenario to complete
CLICK the Go button

To drive The Holiday Express scenarios:
LAUNCH Train Simulator
CLICK on the Collection button
Locate The Holiday Express
CLICK the train icon at the bottom
Choose which scenario to complete
CLICK the Go button

It is also possible to explore The Holiday Express using the Quick Drive menu.
CLICK on the Drive button and then the QuickDrive button
CHANGE the route to The Holiday Express and choose from available Start and End points

CHANGE the Train and Environment settings to suit
CLICK the Go button

2.1 Richie Rails

Richie Rails is a toy manufacturer and retailer that has done business since 1901. Founded as a novelties company, Richie Rails has specialised in toy and model railroad products since its inception, and attention to detail, fun and exciting product range over the years has contributed to its fame. Drawing inspiration from railroads around the world, Richie Rails continues to focus on high quality exciting toys for all ages of train fans.

Two exciting toys from its range can be found with The Holiday Express. Its market leading representation for the Pennsylvania Railroad K4 Steam Locomotive, outshopped in red with silver smoke box.

Also available and catering for the modern image fans is the F7 Diesel Locomotive as manufactured by Electro-Motive Division. This comes in all over red with silver underframe.

Richie Rails remains an enduring brand associated with toy trains, its products prized by collectors.

2.2 Richie Rails Freight Wagons

2.3 Richie Rails Passenger Carriages

3 Scenarios

3.1 Training: 1. Start and Stop The Holiday Train

Learn how to start and stop the Holiday Train.

3.2 Training: 2. Drop off a wagon and change junctions

Learn how to change junctions and uncouple wagons.

3.3 All is Quiet

Take the teddy on a ride around the room to check all is in place for Christmas.

3.4 Red hot wheels

Time for some fun! Race up to the table to survey the room. The clock is ticking.

3.5 Presents under the Tree

The last two presents must be added to the pile under the tree.

3.6 Milk and Cookies

Some soldiers have taken the cookies to the bookcase. Go and get them back.

3.7 Message to Santa

As the finale for Christmas, you must leave a message to Santa. Haul the train onto the Mantelpiece for all to see.
