GAME DESCRIPTION

Be prepared for a trip into yesteryear. Bruce's Movement Engine is an MSDOSWare/Post-Trainwreck-era game set in the halcyon days of 1998. Bryce has discovered a time portal in his Big Game Maker Box and has uses it to return to 19 years ago, when Big Game Maker was released. In a not-entirely-unfamiliar setting of an East Virginia-come-New South Wales-come-classic entertainment culture surrounding, he jumps, falls, runs and jetgasses himself around levels of nostalgic platforming and arcade action!

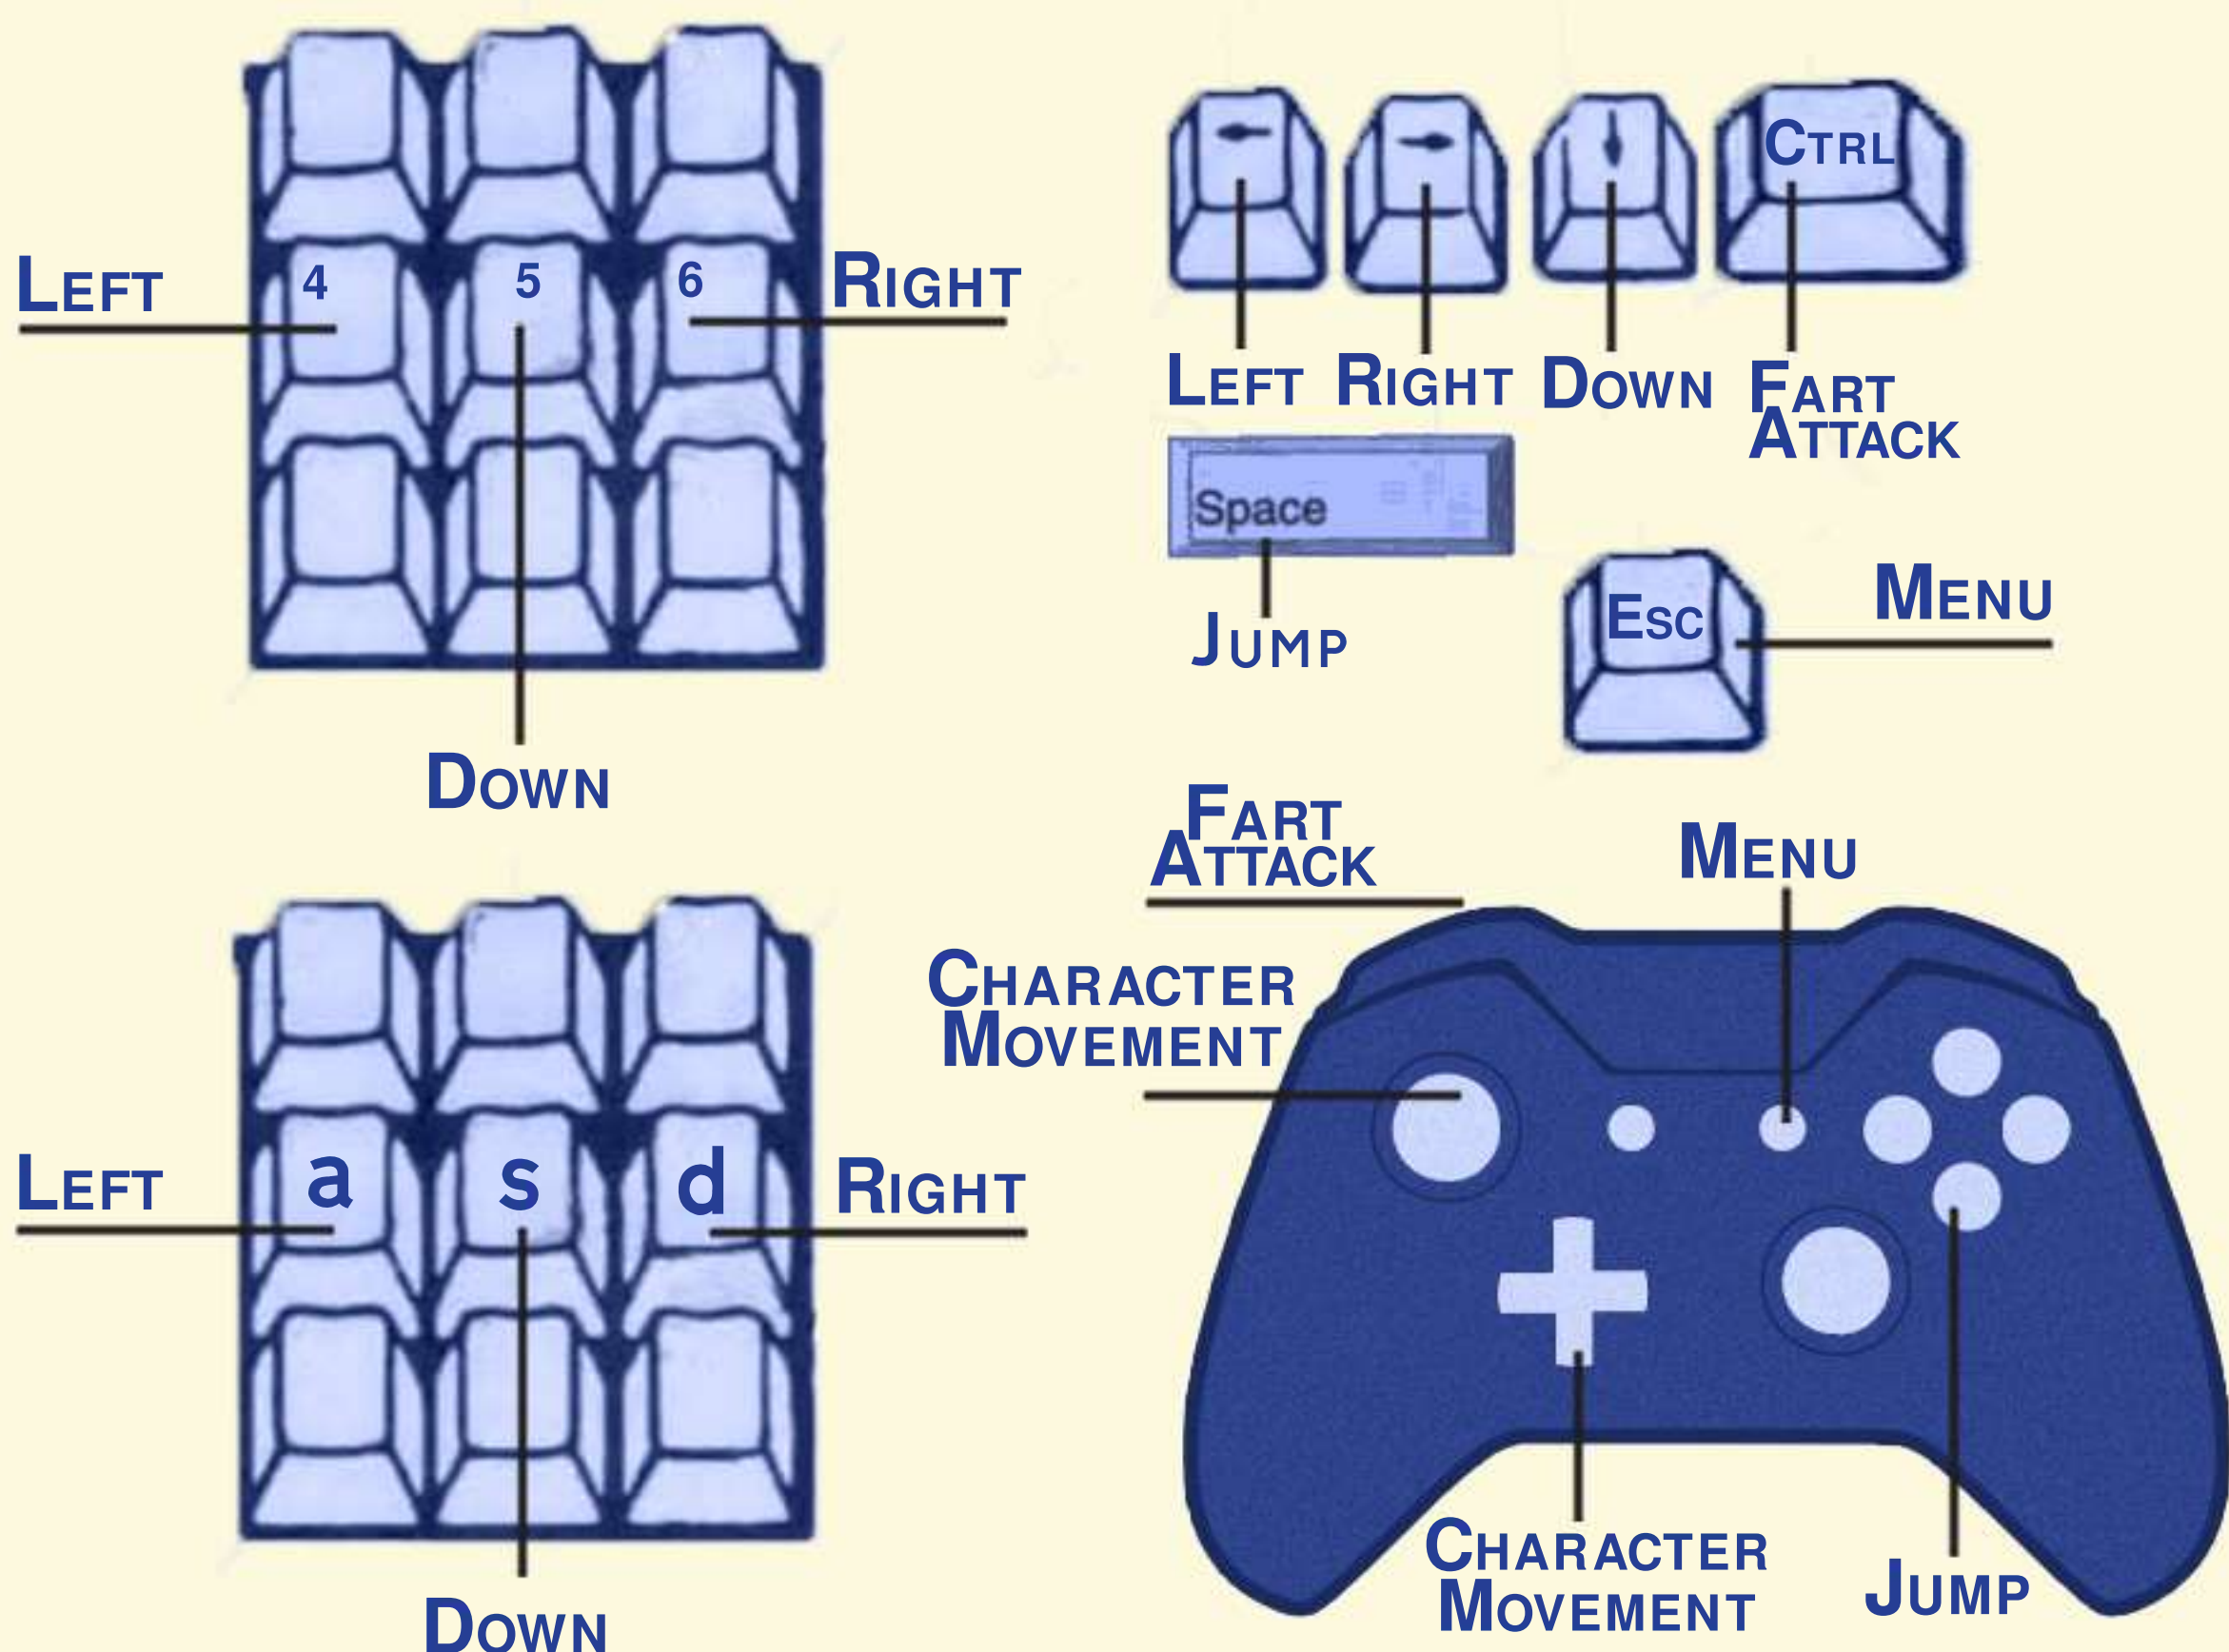

- **Original country-jazz AOR/MOR soundtrack !**
- **Platforming and old-skool arcade gameplay !**
- **World map !**
- **Exciting Bosses & variety of level designs !**
- **Swim, drive, ski and more !**

Pro's Tip: Bryce's shirts are made locally. They are HAND made !

CONTROLS & FEATURES

To beat the baddies through the lands and different levels, you will need to know how to maneuver yourself around! Familiarise yourself with these keys & controls so you can be the best player and baddie buster!

Move Bryce around the screen using the character movement controls (Up, Down, Left, Right), jump to bounce across platforms and on top of enemies to squash them! Collect bags of special green powder to unleash your powerful “Fart Attack” to wipe out all baddies in close proximity!

Pro’s tip: Bryce keeps a box of pajamas under his bed !
