FACTORY'S QUARTERS

Factory's quarters is a dangerous place with no escape paths. Swarms of zombies are everywhere and you'll have to drive fast and use jumps to get out of here.

NOT ARIZONA, NOT SUNSHINE

Desertic environment full of dangers. You'll have to dodge falling rocks and get into the canyon before exploding the gate that separates you from the sea.

DEAD HARBOR

Abandoned harbor filled with loads of dangerous enemies, ready to jump on you if you get too close. Ride through falling containers, warehouses and sinking ships while shooting at your enemies.

CURSED CITY

No one lives here anymore, find your way into the streets of the cursed city, do not look back, you're nearly there.

EPITAPH

*That's it. Here's where everything began,
will you be able to end it?*

9MM **BERETTA**

The Beretta will be your first weapon. It's a shot by shot weapon with low damages but it has infinite ammunitions.

NAGINATA

Naginata is a powerful spear allowing you to chop zombies' heads off and impale them if you've got the right speed.

COLT REVOLVER

The Colt revolver is a precise and powerful shot by shot weapon. This is the ideal weapon is you need to shoot at long distance right into zombies' heads.

SHOTGUN

The Shotgun is extremely powerful but has a low range. You'll have to get close to zombies if you want to use it at full strength.

SUBMACHINE GUN

The SMG is the perfect weapon to kill armies of zombies. Fast, full of ammos and precise, this weapon will save your life more than once.

GRENADE LAUNCHER

The grenade launcher is an extremely powerful weapon that deals a huge amount of damages but has only few ammos. Use your ammos wisely.

CROSSBOW

The Crossbow is a powerful weapon that has a long range and is precise. Bolts will pierce through enemies, allowing you to kill groups of zombies easily.

ZOMBIE CRUSHER

*Don't avoid zombies, go through them with the
Zombie crusher. It'll grind your enemies like no
other weapon.*

STEVE

Former mechanic, he rides his bike with one goal in mind, find and save Irene.

ZOMBIES

They were our friends, our neighbours, our family members, now they just want to eat you alive.

MUTANT ZOMBIES

On some zombies, the virus has mutated which gives birth to abominations. These mutants use the acid fluid flowing inside their bodies to knock you out at long range and kill you.

CRAWLERS

There is no point in running, you have to jump to the point. They will not hesitate to jump on your motorcycle to devour you.

TANK ZOMBIES

Pretty tough zombies.

You will need a lot of bullets to get past this mountain of flesh.
