

KINKOID GAMES FAQ

Heroes, please find below the answers to the most frequently asked questions. We've put this list together to facilitate you and help you spend more time having fun in the game instead of logging a ticket to the Support Team. We've separated the questions by features.

Game Features

Pachinko

Q: I won a recruit from the Pachinko, but I can't find them in my Harem. Where are they?

A: In this case, it is most likely that **you have won an avatar**. Go to your profile page, click on the pencil in the bottom right and go to the avatar tab. You will see the recruit avatar there.

Q: I played Pachinko, but instead of a recruit, I got an item. Why?

A: Every Pachinko game guarantees a reward, but it's not always a recruit. The Pachinko game you played **gives you a chance** to win but does not **guarantee a recruit**. But the item will help you get ahead in the game and improve your Harem.

Q: Why is the recruit drop rate so slow?

A: The drop rate of affection shards works randomly. This means that one time you can get a lot of shards at once, while next time, you might not get any.

Q: I've rolled x1000 Event Pachinko, but I didn't get a recruit! Why?

A: The price for a guaranteed Event Recruit would be too high in Kobans to be attractive for players, so we leave it up to chance. Event Pachinko includes powerful Legendary items, gems, and gifts for your recruits which you can use to boost your ego and make your team more powerful!

Q: What happens if I win more shards than I need to attract a recruit?

A: The difference in Affection shards is transformed into Affection items.

Pachinko Orbs

Q: Can x1 Pachinko orbs be converted into x10 Pachinko orbs?

A: No, Orbs do not stack.

Q: Why can't I use my orbs even though I can get free plays?

A: You already have the recruits from the current pool.

Q: What is the overall purpose of the Pachinko Orbs?

A: The goal of the Orbs feature is to provide a way for players to have access to Pachinko without the absolute need of using Kobans thus making the game more and more rewarding to all active players.

Q: How do you get orbs?

A: You get 1 Free Mythic Pachinko game and 1 Free Great Pachinko every 24h. Other orbs can be won from different game events and features or be purchased from bundles and offers. It is a question of balance and general rewarding patterns.

Q: Can several Orbs be combined and converted to bigger x10 Game Orbs?

A: No, Orbs are strictly typified so no combinations are possible.

Q: Why are the Pachinko Orbs in different colors?

A: General visual logic is that the color of the Orb represents the Pachinko menu color: Epic = red, Mythic = orange, Event = purple, Great = green.

Q: If I have several Orbs, can I play them all of them at once?

A: No, Orbs are always used one by one.

Q: Why do lower leagues give Mythic orbs and higher leagues give Epic ones?

A: Higher leagues give better rewards. The Epic Orbs have a higher value since they can access better rewards in the corresponding Pachinko.

Q: Is there a limit on how many Orbs you can stash?

A: No, you can stash as many as you want; we are not limiting you.

Q: What happens to the Orbs when I have all the recruits in the current pool?

A: You can still play pachinko. Mythic Pachinko will show you a warning sign before you use the Pachinko.

Q: I played Great Pachinko x10 and I won 10 items but I found only 6 in the market. Where are the other rewards?

A: The winnable rewards can be gifts or equipment accessible from the Market.

Adventure and Villain battles

Q: I have the best equipment possible, but I'm losing against this Villain even though I was winning against him before. Why?

A: The more you perform against a Villain, the stronger they get and win levels. After a while, the Villain redoubles their efforts. **Their physical appearance evolves** because they want to show you who's the boss.

When you reach the "**Maximum level**" of a Tier, they then reach a **new Tier**, where you have a chance to get 1 new girl. When you reach the maximum level of a Tier, the following Tier is unlocked.

- The new recruits from the Tier will replace the Alpha recruits in the Villain's team.

Q: Why did this recruit disappear on this Villain?

A: Once a Tier is unlocked, it will be the default one. By reaching a new Tier, you'll draw new recruits' attention to you. If you want to seduce recruits from a lower Tier, you have to select the desired Tier. You can switch Tiers as you desire without restriction. Enjoy!

Q: How can I change Tiers?

A: Yes, you can change Tiers! All you have to do is click on the diamond to the left (or the right) of the one that's glowing yellow. The glowing yellow diamond represents the Tier the Villain is set to.

Champions

Q: I've fought the champion but only won \$/Yemen; why is that?

A: To prove that you are worthy of better rewards, you must fill the Champion's Impression meter. Then, they will reward you handsomely with shards for a powerful Recruit to fight by your side or some special items.

Q: I've won the same reward several times; why is that?

A: Different backgrounds are different rewards because they handle a different number of recruits: 1, 4, or 9. You can also win the Champion Theme.

Market

Q: Can I remove a booster once I've applied it?

A: No. You need to wait until that booster expires so you can use another one.

Q: Why do I see only common/rare items in shops?

A: The rarity of items sold in shops depends on your overall level. A newly created account will mostly see common (grey) and rare (green) items in the shop. A more experienced player (higher level) will see Epic, Legendary, and Mythical (gold, purple & red) items in the shops. Epic and Legendary tier items are more expensive but provide higher bonuses. Mythical items cost kobans but give the highest bonuses.

Q: Why am I disconnected when I go to Market?

A: iOS/Safari users can sometimes be disconnected when opening the Market. This is an issue we're currently unable to locate the source of and can't reproduce on our end. We recommend using a different browser (Chrome/Firefox) to play the game.

Seasons

Q: What are Seasons?

A: Seasons are like month-long events where you get to perform against other players. You will compete with the other heroes based on Mojo, not Level, or other characteristics.

Q: What's in it for me?

A: If you win, you get Experience for your recruits, Affection, and Mojo. And after reaching a certain level of your Mojo, you win even more fantastic rewards that help you advance in the game and recruit hot horny Haremettes.

Q: Is there a schedule for Seasons?

A: Each Season starts and ends on the 1st of each month, 13:00 UTC+ 1, our server time. Yes, that means some Seasons will be shorter than others. Blame it on the sun. At the end of each Season, the Mojo is reset and you will begin again once the month starts.

Q: What is the Season Pass?

A: The Season Pass is a purchasable set of extra rewards for every rank you earn in the Season. You will receive 2 rewards instead of 1 for every Mojo Rank you earn. And you could receive 2 recruits instead of 1 if you reach a high enough Rank.

Q: Is the Season Pass a one-time purchase?

A: A Season Pass is valid until the end of the respective Season. When the next Season starts, the Pass needs to be purchased again.

Q: My Ego was higher and I still lost. Why is that?

A: Most of the time, you lose a fight because the opponent has made more critical hits than you. You can look into upgrading your equipment, adding boosters, and leveling up your team.

Harem

Q: A recruit is missing from my Harem; what can I do?

A: If this occurs, please try the following steps:

- Log out and log in to your account.
- Clear your browser cache and cookies.
- Check out all the different variations of a recruit and if they're present in any of them.
- Check our [Known and Fixed issues article](#) to see if we're already aware of the bug and working on a patch for it.

If the above instructions do not help, please contact our support with as much information as possible, including screenshots.

Leagues and Leaderboards

Q: Why did I drop out of one League and got into a lower one?

A: At the end of the season, the bottom 15 players of each cluster are demoted to an inferior league. The only exception is the players who are in the Wanker 1 League.

Q: I didn't play the leagues for some time and entering I received a message about my absence. What could I do to play inside the League I was last in?

A: You need to wait for the beginning of the next League season. Once it starts, you will be inserted automatically.

Q: I got a message that I can't fight a player in the League. Why?

A: The player was removed from the game during the League (account deletion or ban) season, but the account technically is still in the League. Pick someone else.

Clubs

Q: How to join a club?

A: You can join a club by being invited into one, requesting to join one, or by creating your own.

Q: Why should I join a club and what are the benefits?

A: Depending on the level of your club you will receive various bonuses like experience and bonus ¥men money.

And, you'll be able to participate in Club Champions for a chance to win a recruit! You can learn more about it by reading [this article](#).

Q: What are the provided bonuses?

A: The perks are %Hardcore, %Know-how, %Charm, %Endurance, %Harmony, %Experience, %Money

Q: How many players can be in a club?

A: If the member section is not upgraded, then the cap is 20 players. When it reaches the max upgrade, it can welcome up to 40 people.

Q: How can I leave a club?

A: In the lobby of the club, next to your name you can click on the three dots and then on "Leave".

Q: I don't want to be the leader of the club anymore. What should I do?

A: Please contact support with the ID of the user you have chosen to be the new leader and support will handle the promotion of the new leader.

Q: The Club leader is offline for a long time, and we want to change him.

A: After the Club leader is inactive for more than 2 months, ask all the Club members to discuss and decide who would be the new leader. Then, the elected member needs to contact the support to request the promotion with a screenshot of the decision by the Club. Support will handle the promotion of the new leader.

Activities

Q: I completed all Event missions but didn't get the recruit!

A: Please note that if you did not collect the girl manually after completing the final event mission, the girl is automatically awarded the day after the event is over if all event missions have been completed.

If you have completed all Event missions, you will automatically see a pop-up window with the recruit's shards.

If you still haven't received the reward for completing all of the Event missions, please contact our support.

Q: This player has a crazy amount of contest points. Are they cheating?

A: Some contests allow players to accumulate a great number of points if they're set on winning that contest. This does not mean that the player is cheating. If you have genuine suspicion that a player may be cheating, we recommend reporting that player by using the in-game support system > Feedback

Q: Why can't I participate in the Legendary Contests?

A: You need to have been active on your account during the past 72h and have claimed all the rewards from previous Legendary Contests.

Events

Q: What are the different Event types?

A: Right now there are 14 types of events: Classic events, Mythic Days, Legendary Days, Epic Days, Orgy Days, Legendary Contest, Path of Attraction, Kinky Competition, Mythic Revival, Cumback Contests, Boss Bang, Anniversary event, Seasonal Event and Sultry Mysteries.

Q: What is the Classical Event type?

A: Classic events take place at the beginning of each month. Each classic event has a different theme and adds 6 new recruits to the Haremverse. Some of them can be obtained from the Epic or Event Pachinko and others can also be obtained by fighting a villain. One of them is only obtainable by completing all of the (blue) Event Daily Missions

Q: I completed all Event missions but didn't get my recruit!

A: The recruit can come a bit late, login and logout. Also be sure that you've completed all the event missions required for the recruits. You can check the progressions level from the Event widget below the "Collect salary" button.

Last but not least, the event missions are marked with a different color, to separate them from normal missions.

Q: What is the Mythic Days event type?

A: During Mythic Days, the most powerful girls in the Haremverse become available. During this event, players have three days to go on a specifically designated troll and to get as many shards as possible for the Mythic recruit. There is a limited number of shards to win. New stocks of shards are regularly added to the game during the event. If no shards are currently available, you will have to wait until the next restock to get a chance at winning some.

Q: What is the Legendary Days event type?

A: A villain has captured a legendary recruit that needs to be rescued. Recruits from Legendary days are very powerful and have a 5-star affection grade. The event lasts 4 days. During the event, you will have to battle specifically chosen villains for a chance of attraction shards to drop.

Q: What is the Epic Days event type?

A: Epic days features 6 epic quality recruits, two of which are new to the Haremverse. The event lasts 4 days and girls are available both from villains and from the Epic Pachinko.

Q: What is the Orgy Days event type?

A: The event with the biggest amount of recruits available! In this grand event you can get your hands on recruits you may have missed in previous events. Two new recruits are introduced to the Haremverse during this event. Completing all Daily Event Missions marked with a different color (blue) will award you with a recruit.

Q: What is the Legendary Contests event type?

A: Legendary contests are a kind of event which lasts 4 days. Every 24 hours, a new Contest appears which means that you will have 4 opportunities to win shards for the recruit.

Q: What is the Path of Attraction event type?

A: During the Path of Attraction, you'll have to complete a certain amount of objectives in the right order to obtain various rewards and recruits.

Q: What is the Kinky Cumpetition event type?

A: One recruit is available during this event. Their shards can be earned from winning performances in either Leagues or Seasons.

Q: What is the Mythic Revival event type?

A: This event functions in the same way as the Mythical Days but lasts 2 days. Players can earn shards for a previously released Mythical recruit.

Q: What is the Cumback contests event type?

A: Cumback contests revive recruits from the previous Path of Attraction and Seasons. The objectives of the Cumback contest are different from the usual contests.

Q: What is the Boss Bang event type?

A: For this event, prepare 5 different teams and perform against a Boss. After each performance, your team will lose some Ego percentage. The Boss will join your Harem once you've defeated them 100 times!

Q: What is the Seasonal event type?

A: Recurring less often than regular events, Seasonal events work in synergy with other ingame features. Complete a path by collecting tokens called "Crystals". Crystals are collected by going through regular ingame features such as PvP, PvE, activities, but also bundles and special event cards.

Q: What is the Sultry Mysteries event type?

A: In Sultry Mysteries, win rewards by using keys to unlock squares from a grid and collect Sultry Coins to buy awesome rewards and shards for unfinished girls from the Sultry Mysteries event shop.

Q: I've missed an event recruit; how can I get them?

A: Fear not! Most harem recruits will appear again in the form of different events!

Q: I'm on the last quest and can't use energy to complete the requirements for the Path of Attraction. What should I do?

A: If you want to spend energy but have already unlocked the last quest in the Adventure mode, you can spend energy by going to the Champions' reception desk.

Account Changes

Q: How can I change my class?

A: In the game, click on Profile > Edit > Profile > Change Class. Every player is allowed one free class change. Every subsequent class change costs 600 Kobans

Q: How can I change my Character/Theme/Avatar?

A: In the game, click on Profile > Edit > Character/Theme/Avatar > Pick the one you would like to use and Click on Save. You can also purchase different Character objects/Themes/avatars here or view the ones you have won.

Q: How can I change my account country?

A: You can't change it directly on your end. If you have moved permanently to a new country and want to change your account country, you should send us a ticket via the in-game system > Account. It's important to request this only if you've changed your permanent residence, otherwise, you may have potential difficulties with payments and purchases.
