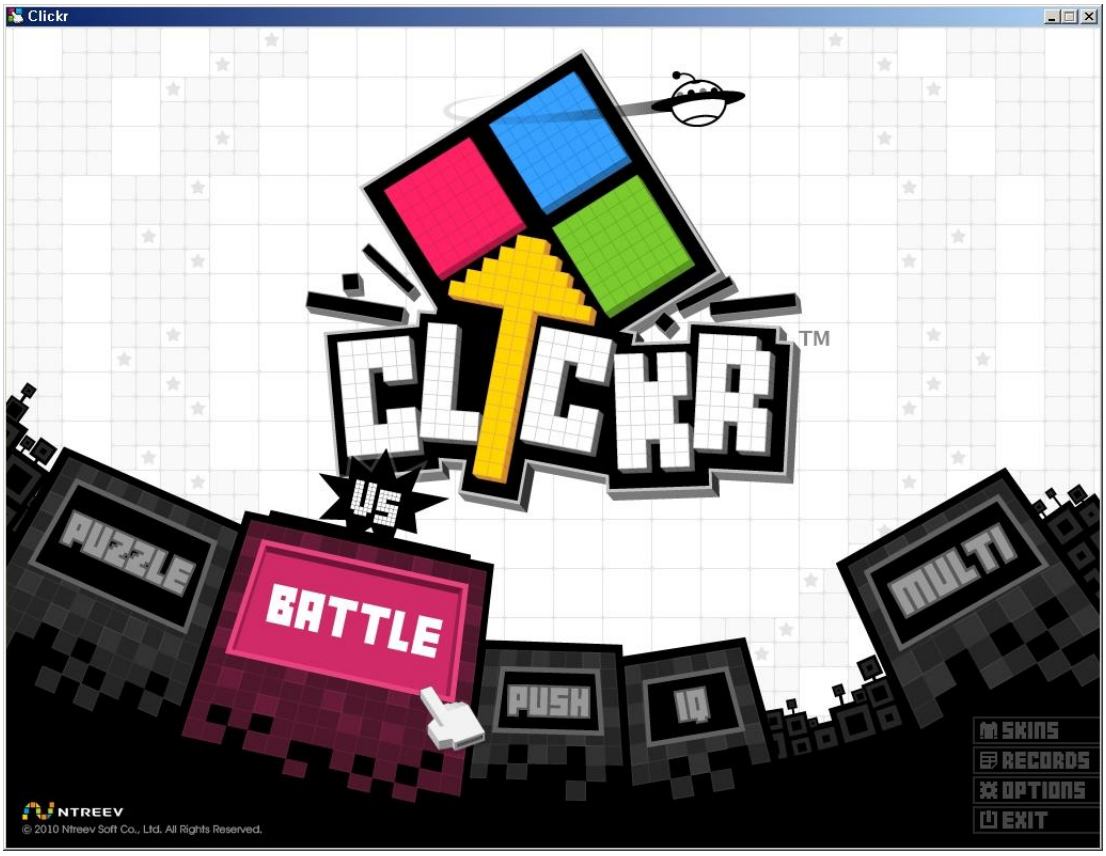
- Multiple sub-modes and missions for various playing preferences
  - Three sub-modes at Puzzle Mode: Point Challenge, Combo Challenge and Stage Challenge with 50 stages
  - 16 missions and self-challenge mode at Battle and Push Modes
  - 200 smart puzzles at IQ Mode
- Multi-play also available: Head-to-head matchups in Battle and Push Modes
- Three different themes: Each of Basic, Africa and Zombie theme provides different characters, effects, skins and sounds!
- More than 70 Steam Achievements to unlock
- Additional Features: Help-video, controls for left-handers, and global leader boards

▶ Main Menu



Clickr provides four following game modes:

- **Puzzle**: Basic Clickr puzzle. This also includes sub modes such as Stage Challenge (50 Stage) and Combo Challenge and Point Challenge to satisfy different playing preferences.
- **Battle**: This is a battle against AI. Solve puzzle, deposit points and send troops to attack the opponent. Play strategically by using items and building mines out of stones and stars to stun the opponent's troops and win the battle.
- **Push**: The aim of this mode is to push 4 blocks against AI. This mode is easier to understand with relatively shorter playing time than the Battle mode.
- **IQ**: To win this mode, you need to remove all block in the screen without clicking any small one. This includes 200 Brain Teasing puzzles.
- **Multi-play** (featured by Steam Works): Two players play match-up against each other on-lined at Battle or Push Mode.

▶ Puzzle System

Clickr has a play puzzle system that's creative, easy to learn and simple to play. You just **turn**, **build**, and **click**. (※ For puzzle system, see the tutorial slide.)

- Fun & speedy control: ability to build what you want quick & easy. Fun of control itself.
- Blowing blocks: the thrill to blow-up blocks after building them.
- Strategic plays: plays that are depended upon the player's skills such as rotation, magic-turns, and combos.
- Contingency: lucky plays based on players' effort, and anticipation.

▶ Skins

Clickr currently supports 3 different themed skins, **Basic, Africa** and **Horror (Zombie)**. You can change your skins at the main menu, and this will affect all game modes.
